SUBJECT : HEBERSTREIT
REF : VSM/SLZ/1503

DATE: 26 April 1949

1. The attached letter was obtained from Subject by ☐ ☐. The envelope was opened by ☐ ☐ to make sure it was the right one. It is definitely not signed by "P. Onion" as reference letter claims, but there is some similarity. If this is not the right letter, ☐ ☐ will have to get after the boy again. In convincing Subject that it was all right to turn over the letter, ☐ ☐ gave out the following information:

- "a. Villax is in France.
- b. Villax's friends and Villax have decided that the route by which the letter was to be sent was unsafe."

This information was given out at the suggestion of ☐ ☐. It was not necessary to use the information or letter in reference memorandum, which is attached.

2. It took ☐ ☐ over four hours to convince Subject that he was on the level. However, a friendly relationship has been established and ☐ ☐ can be used if further contact is desired.
